

# Kylie Minogue, Fever

I've been bitten by the bug and I am coming down with oh  
Something that can't be cured  
There ain't a doctor in this town who is more qualified than you  
Yeah, to be so adored  
So tell me what do you prescribe for these symptoms  
A heart beating faster and work is a disaster  
I'm lovesick when you're not around  
Check me over  
When strong hands are healing  
I'm dancing on the ceiling  
Fever sure has got me good  
What do you do when fever takes hold  
I can't help but need this drug  
Don't you feel the fever like I do  
Feel the fever  
I am ready for the news so tell me straight  
Hey doctor just what do you diagnose  
There ain't a surgeon like you any place in the world  
So now shall I remove my clothes  
So tell me what do you prescribe for these symptoms  
A heart beating faster and work is a disaster  
I'm lovesick when you're not around  
Check me over  
When strong hands are healing  
I'm dancing on the ceiling
