Kylie Minogue, Heart Beat Rock

Lovers in the back seat Boys in the back street Girls in their tight wash Figure hugging blue jeans

They're looking like they want To show out what they got Their feet are itching to dance Their bodies ready to rock

I've been around the world
But I'm not those other girls
I'm feeling special do you like what you see?
Cause I got my best dress on
Can I be your fantasy?

Cause I can make your heartbeat rock ooh, ooh Baby show me what you got Baby show me what you got I can make you so damn hot I can make you so damn hot Cause I can make your heart beat

ooh, ooh, yeah, yeah ooh, ooh, yeah, yeah

ooh, ooh, yeah, yeah ooh, ooh, yeah, yeah

Ladies in the spotlight
Boys are checking their tights
Skirts out while their hips sway
Bumping to the hot track
People take a step back
C'mon, c'mon, c'mon, c'mon

Cause I can make your heartbeat rock ooh, ooh Baby show me what you got Baby show me what you got I can make you so damn hot I can make you so damn hot Cause I can make your heart beat Cause I can make your heart beat ooh, ooh, yeah, yeah

I've been around the world
But I'm not those other girls

Cause I got my best dress on
Can I be your fantasy?

Cause I can make your heartbeat rock ooh, ooh Baby show me what you got Baby show me what you got I can make you so damn hot
