

Kylie Minogue, It's No Secret

It's no secret [Echoed 4x]

When I first met you
How you changed my life that day
But when each tomorrow
You just seem to drift away

Then I discovered
That you were cheating
You were cheating on me
But I was the last to know
Ooh, ooh

[Chorus:]
Our love was a lie
And it's no secret
It's no secret
How you hurt me inside
And it's no secret
Because you told everybody

Didn't I really love you
You know I gave you all my heart
When I put my arms around you
I never thought we'd ever part
Ooh, ooh

Then I discovered
I guess you couldn't love me
Like you said you love me
Ohh, no
Why was I the last to know

[Chorus]

All of my life
I was looking for someone
Just like you
You shattered my dreams
Tore me apart
What can I do

(You were cheating)
(You were cheating on me)
But I was the last to know

[Chorus]

[Repeat and fade]
