

# Kylie Minogue, Rendezvous At Sunset

Back on my feet  
Another week is nearly over  
We gotta meet  
Now the beat is taking over

I work harder now I'm done  
I want a little fun so tight  
I took all i have to do  
And now all i want is you tonight

Chorus  
Oh-oh  
Let's rendezvous at sunset  
Take it through to sunrise  
We'll have a night we'll never forget  
We'll have the time, the time of our life

Take me away  
From here and into heaven  
Need to escape  
And i wanna go together

When i'm oh so close to you

You hold me like you do, so nice  
I can feel the rhythm now  
Gotta get on down tonight

Chorus x2

Rendezvous at sunset  
Rendezvous  
Rendezvous at sunset  
Rendezvous

When i'm oh so close to you  
You hold me like you do, so nice  
I can feel the rhythm now  
Gotta get on down tonight

Chorus

Rendezvous at sunset  
Rendezvous  
Rendezvous at sunset  
Rendezvous
