

Kylie Minogue, Soul On Fire

Ooh yeah, there you were
Standin' outside the door
Years since I told you I
Couldn't go on this way no more

Had no explanation
F-r-u-s-tration
Thought I was so very sure
Oh, oh

So you went on your way
Hittin' up at the party scene
Actin' as if you were
Entirely over me

Dancin' with all the ladies
Just so the news would make it
Directly to the hot hot line
Now you're settin' my soul on fire

Woah
Woah
Didn't know how good it was 'til you were gone
Oh
Woah

Now you're playin' with my head
And you only forget
All the things I put you through
But I never stopped lovin' you

Forget all that I said
Can't we go back to bed
Let bygones go on by
'Cause now you're settin' by soul on fire

Woah
Woah
Didn't know how good it was 'til you were gone
Woah
Woah
Now I only want you back so come on home
Woah
Woah
Didn't know how much I'd miss you on my own
Oh
Baby come on home

So find it in your heart
Hear my apology
We've taken it this far
Don't you want the rest
The best of me

Oh
Woah
Woah
Didn't know how good it was 'til you were gone
Woah
Woah
Now I only want you back so come on home
Woah
Woah
Didn't know how much I'd miss you on my own

Oh
Baby come on home

Mm, mm, mm
