

# Kylie Minogue, True Love Never Dies

True love never dies, true love never dies, true love never dies, true love  
Never dies, true love never dies, true love never dies, true love never dies  
We look like shadows in the streetlight, only me and u a secret rendezvous after  
Midnight, they tried to keep us from each other, they crucify our love, say  
Were not good enough to be lovers, I want to hold u in the morning, I want to

Wake up by your side, no reason to hide what were feelin, (give me your  
Feelin!), I want to tell the world about it, tell them all the truth, get up on  
The rooftops and shout it, true love never dies, true love never dies, true love  
Never dies (repeat to fade)
