

Kylie Minogue, You Still Get Me High

When it comes to me and you
Busy breaking every rule
We were up, we were down
Maybe this is something brand new

I remember the night
How you looked in the light
And electric feels never felt so real when you held me tight
How you said my name
And the ground gave way
Now it all adds up and I just can't bring myself to say

Baby, baby goodbye
Oh oh oh oh - oh
Oh oh oh oh - oh
Maybe it's the moonlight
You still get me high
Oh oh oh oh - oh
Oh oh oh oh - oh
Shine on me all night
You still get me high

Can I do this all alone
When we've been so in the zone, oh
Are we walking away or somehow getting closer

I remember the night
How you looked in the light
And electric feels never felt so real when you held me tight
How you said my name
And the
ground gave way
Now it all adds up and I just can't bring myself to say

Baby, baby goodbye
Oh oh oh oh-oh
Oh oh oh oh-oh
Maybe it's the moonlight
You still get me high
Oh oh oh oh - oh
Oh oh oh oh - oh

Shine on me all night
You still get me high
Why's it always over there
I can feel it here I swear
The feeling's getting stronger
Can we hold on a little longer
My heart is saying

Oh oh oh oh - oh
Oh oh oh oh - oh
Oh oh oh oh - oh

You still get me high
High

Yeah yeah yeah
You still get me high
You still get me high
You still get me high
You still get me high

Maybe it's the moonlight

Maybe it's the moonlight
