

# Kyprios, Sex

I'm a centerfold, I'm 69 fantasises an hour bro.  
I'm a lap dance, I'm a red light flickering in Amsterdam.  
I am champagne, I'm a little lubrication for the campaign.  
I am silicone...can't get me off your chest I never leave you alone.

I am... Sex, right now I know you're thinkin' of me. I am...  
Sex, I'm anywhere you want me to be. I am...  
Sex, I'm America's favorite drug. I am...  
Sex, and I want you to think that I'm love.

Remember the first time you met me in the back seat of a taxi, when  
you asked me could you come again.  
I'm sweat running down your neck, a 20 in your thong, best way to get  
it on  
I'm Sade. Any music that you play's a soundtrack for me.  
I am vanity, I'm lipstick, gloss and surgery. I'm your fantasy.  
Your climax is my symphony. Don't forget who made you.

I am... Sex, right now I know you're thinkin' of me. I am...  
Sex, I'm anywhere you want me to be. I am...  
Sex, I'm America's favorite drug. I am...  
Sex, and I want you to think that I'm love.  
Sex, you see me on the TV screen. I am...  
Sex, every station is playing me. I am...  
America's favorite drug. I am...  
Sex, and I want you to think that I'm love.

I am the ultimate marketing gimmick, and I'm your first  
And I'm that 4 a.m. phone call drunk...on a weak night  
And I'm obsession and pleasure and strife.  
I am... violent in the wrong hands and in the right hands...I'm life.  
Sex sells... Everybody knows that. Blow a little kiss baby maybe I will  
blow back  
Tempation beckons, I know you think about me every seven seconds.  
I'm in your attitude, I'm loves substitute.  
I'm on a chat line talkin from a phone booth  
And ya'll know why you came. And if you don't come and say my name  
Sex, sex

I am... Sex, right now I know you're thinkin' of me. I am...  
Sex, I'm anywhere you want me to be. I am...  
Sex, I'm America's favorite drug. I am...  
Sex, and I want you to think that I'm love.  
Sex, you see me on the TV screen. I am...  
Sex, every station is playing me. I am...  
America's favorite drug. I am...  
Sex, and I want you to think that I'm love.
