

# Lacey Sturm, State Of Me

Look at the state of me  
You can't deny it  
I'm gonna walk out  
So follow me now  
Just get behind me  
Look at the state of me  
You can't deny it  
I'm gonna walk out  
So follow me now  
Just get behind me

My eyes adjust and I'm ok  
But I'm not gonna put up with this one more day  
I can't find the exit sign  
But when I do, I'll bolt into the sunlight  
Some may fear running to the unknown  
But please, just tell me where else can we go

Look at the state of me  
Look at the state of me

Broken, hostile state of my life now  
Just get behind me  
Just get behind me  
Closing slowly they don't own me  
Just get behind me  
Just get behind me  
Get away  
No blood to waste  
Closing slowly they don't own me  
Just get behind me  
Just get behind me

Look at the state of me  
You can't deny  
Look at the state of me  
Just get behind

Blood rush  
Delirium  
Deliverance from everything that kills them  
If only we would heed  
Yielded to the power of the urgency  
Some may fear running to the unknown  
But please, just tell me where else can we go

Broken, hostile state of my life now  
Just get behind me  
Just get behind me  
Closing slowly they don't own me  
Just get behind me  
Just get behind me  
Get away  
No blood to waste  
Closing slowly they don't own me  
Just get behind me  
Just get behind me

Look at the state of me  
You can't deny it  
I'm gonna walk out  
So follow me now  
Just get behind me  
Look at the state of me

You can't deny it  
I'm gonna walk out  
So follow me now  
Just get behind me

Broken, hostile state of my life now  
Just get behind me  
Just get behind me  
Closing slowly they don't own me  
Just get behind me  
Just get behind me  
Get away  
No blood to waste  
Closing slowly they don't own me  
Just get behind me  
Just get behind me

Look at the state of me  
You can't deny  
Look at the state of me
