

# Lacuna Coil, Angels Punishment

Destruction

War

To fight in defence

Forgotten words

of friendly hate

War - destruction

War - destruction

I don't know why

A soul deceased

A broken hope

A chocking breeze

War - destruction

War - destruction

Can't you take me away from your lies?

Destruction

Dark paradise

Collecting souls

To analyze

War - destruction

War - destruction

The bitter blood

Of a children's cry

inside the truth

far from my sky

War - destruction

War - destruction

Can't you take me away from your lies?
