

# Lacuna Coil, This Is My Dream

You'll never find another way to be  
Unlike an actor I do the fears I care  
(this is my dream)  
Dreaming yourself with all the dreams you do  
(this is my dream)  
Dreaming yourself when all your dreams come true  
You want it

You'll never find another way to be, way to be  
You'll never change the way to live your life

I cannot bribe to my confession  
But alone with myself I carry my mind the best  
(this is my dream)  
Dreaming yourself in all this time you could  
(this is my dream)  
Dreaming yourself and never be to sure  
You want it

You'll never find another way to be, way to be  
You'll never change the way to live your life
