

Lacuna Coil, Unchained

Unchained

Unchained

Unchained

Unchained

There's nothing up ahead or down the road

The streets won't last forever

There's nothing left to loose

I cannot see myself inside this dream

I know nothing lasts forever

Nothing lasts forever

Unchained

I'm like a bullet set free now

Unchained

I'm like a weapon unleashed now

Now I found my way to solid ground

I left behind the feeling

That I've been a fool

I feel much stronger now, I am not the same

You know nothing lasts forever

Nothing lasts forever

Unchained

I'm like a bullet set free now

Unchained

I'm like a weapon unleashed now

Unchained

I'm like a bullet set free now

Unchained

I'm like a weapon unleashed now

Unchained
