

Lady Antebellum, What If I Never Get Over You

it's supposed to hurt
it's a broken heart
but to movin' on is the hardest part
it comes in waves
the letting go
but the memory fades
everybody knows /2x

what if I am trying
but then I close my eyes
and then I am right back
lost in the last goodbye
what if times doesn't do what its supposed to do?
what if I never get over you
