

# Lady GaGa, 911

Turnin' up emotional faders  
Keep repeatng self-hating phrases  
I have heard enough of these voice  
Almost ike i have no choice  
Thi sis biological stasis  
My mood's shifting to manic places  
Wish i laughed and kept the goog friendship  
Watch me, here i go again

I can't see my cry  
I can't see my cry ever again  
I can't see my cry  
I can't see my cry  
This is the end

My biggest enemy is me, pop a 911  
My biggest enemy is me, pop a 911  
My biggest enemy is me ever since day one  
Pop a 911, then pop another one

Keep my dolls inside diamond boxes  
Save 'em till i know i am gonna drop this front  
I've built around me oasis  
Paradise is in my hands  
Holdin' on so tight to this status  
It's not real, but i'll try to grab it  
Keep myslef in beautiful places  
Paradise is in my hands

I can't see my cry  
I can't see my cry ever again  
I can't see my cry  
I can't see my cry  
This is the end

My biggest enemy is me, pop a 911  
My biggest enemy is me, pop a 911  
My biggest enemy is me ever since day one  
Pop a 911, then pop another one
