My name isn't alice  
But i'll keep looking  
But i'll keep looking Wonderland  
My name isn't alice  
But i'll keep looking  
But i'll keep looking Wonderland  
Set me free  
Set me free

Could you pull me out of this alive?  
Where's my body?  
I am stuck in my mind

I'm tiresof screaming  
At the top if my lungs  
Mother, mother  
I am in the hole  
I am falling down  
So down, down

My name isn't alice  
But i'll keep looking  
But i'll keep looking Wonderland  
My name isn't alice  
But i'll keep looking  
But i'll keep looking Wonderland  
Set me free  
Set me free

Take me home  
Take me to Wonderland  
Wonderland  
Take me home  
Take me to Wonderland  
Wonderland

Sick and tired of waking up  
Screaming at the top of m y lungs  
Think i might just've left myself behind  
Maestro, play me your symphony  
I will listen to anything  
Take me on a trip, DJ,  
Free my mind

My name isn't alice  
But i'll keep looking  
But i'll keep looking Wonderland  
My name isn't alice  
But i'll keep looking  
But i'll keep looking Wonderland  
Set me free

Take me home  
Take me to Wonderland
