

# Lady GaGa, Fever

There he goes  
My baby walks so slow  
Sexual tic-tac-toe  
Yeah, I know we both know  
It isn't time  
But would you be mine?

We'll never get too far  
Just you, me and the...  
in a ménage à trois sometimes  
Would he be mine?  
Would he be mine?  
Would you be mine?

Oh baby, lights on  
But your mom's not home  
I'm sick of laying down alone  
With this fever, fever yeah  
I want it all  
Now I'm gonna get you alone  
Give you a fever, fever yeah

There it goes  
You stole my soul and so  
'Cause, sweetheart  
A-no-no-nobody a-no-no-knows  
They're occupied  
Tell me you'll be mine

Let's get inside your car  
Just you, me and the stars  
Kind of ménage à trois  
Sometimes

Would he be mine?  
Would he be mine?  
Could you be mine?

Oh baby, lights on  
But your mom's not home  
I'm sick of laying down alone  
With this fever, fever yeah  
I want it all  
Now I'm gonna get you alone  
Give you a fever, fever yeah

Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah

Oh baby, your light's on  
But your mom's not home  
I'm sick of laying down alone  
With this fever, fever yeah  
I want it all  
Now I'm gonna get you alone  
Give you a fever, fever yeah

Fever, fever, yeah
