

# Lady GaGa, Red and Blue

Want to  
I think I love you  
You got ripped jeans  
I'm only 19  
What do you wanna do?  
You got your cigarette  
I got my headset  
We're two of a kind  
You're spades and I'm diamonds  
And you know that too  
Yeah you can see clearly  
That I am the one you want  
But I must admit that  
I'm everything you're not  
Yeah I am red, you are blue  
I'm old school and you're so new  
But I guess I could forgive you tonight  
When you're cold, I like to burn  
I cut lines, you wait you turn  
But I guess I could forgive you tonight  
Tonight, tonight, tonight  
Don't shoot  
My heart is on mute  
Our physical dream  
Is only skin deep  
How do you wanna groove?  
Bang Bang  
Should hear my gun ring  
You're mine, you're there  
You'll hear that  
I am all up inside your head  
Now I can see clearly  
That I am the one you want  
But I must admit that  
I'm everything you're not  
Yeah I am red, you are blue  
I'm old school and you're so new  
But I guess I could forgive you tonight  
When you're cold, I like to burn  
I cut lines, you wait your turn  
But I guess I could forgive you tonight  
Tonight, tonight, tonight  
You won't forget me when I'm gone  
This feels so good, it can't be wrong  
I recommend a one night stand  
I know we're just friends  
But you're my kind of man  
Just for tonight  
Just for tonight  
Just for tonight  
Even though I'm red, you are blue  
I'm old school and you're so new  
I know we could be great for tonight  
When you're cold, I'll make it burn  
You'll never have to wait your turn  
Yeah I guess I could forgive you tonight  
Yeah I am red, you are blue  
I'm old school and you're so new  
But I guess I could forgive you tonight  
When you're cold, I like to burn  
I cut lines, you wait your turn  
But I guess I could forgive you tonight  
Tonight, tonight, tonight
