

Lady GaGa, You're All My Little Monsters

When they're young all little monsters learn that they are scary

Ugly

Stupid

Shunned by cupid

Overweight and hairy

But every monster needs to find

That secret deep inside

That transforms doctor Jeckyll into Sexy Mr. Hyde

All my monsters are beautiful*

Disco Studiful

Square Rootiful

Old Cootiful

Monsters don't need implants or a bitchin' Monster car

Monsters only need to love the monster's that they are

Oh yeah

Gaga, Dada, Jawa, Peace
