

Lady XO, Hawaii

Homie lil younger than me
Told his ass to bag it up
Got it out the mud
I wish someone would say it's out of luck
See em' watchin' heavy
They don't love me they just want a cut
Got some gloves for any bitch I see in case she wanna buck
Why they hate me harder when I'm tryna stack the money long?
They ain't pay no mind when I was broke
Now they be checking up
Don't be talkin' goofy if it's you always askin' for some
I can't hang with lames
We can't relate your brain is dumb

Where the fuck my suitcase I been thinkin' bout Hawaii
Bitches duckin' down I heard that you was gonna try me
