

Lana Del Rey, Looking for America

took a trip to San Francisco
All our friend said we would jive
didn't work, so I left for Fresno
It was quite a scenic drive
pulled over to watch the children in the park
used to only worry about them after dark

I'm still looking for my own version of America
One without the gun, where the flag can freely fly
No bombs in the sky
Only fireworks when you and I collide
It's just a dream I had in mind
It's just a dream I had in mind
It's just a dream I had in mind

took a flight to New York City
I miss that Hudson river line
took the train back to Lake Placid
That's another space and time
Where we used to go drive-ins and listen to the blues
so many things that I think twice about before I do

I'm still looking for my own version of America
One without the gun, where the flag can freely fly
No bombs in the sky
Only fireworks when you and I collide
It's just a dream I had in mind
It's just a dream I had in mind
It's just a dream I had in mind

It's just a dream I had in mind
