

# Lana Del Rey, Thunder

You roll like thunder when you come crashing in  
Town ain't been the same since you left with all your friends  
You roll like thunder when you come crashing in  
Regattas in the wind, that's why you're visiting  
You act like fucking Mr. Brightside when you're with all your friends  
But I know what you're like when the party ends  
Just do it  
Just do it, don't wait  
Just do it  
Just do it, don't wait  
You roll like thunder, pouring all your drinks  
The party's lit and you, my friend, half-cut when it begins  
You roll like thunder, you're tryna catch that wind  
That lightning in the bottle, that moonbeam in your hand  
And you try to see the bright side when each new day begins  
But you're not satisfied at the rainbows end  
Just do it  
Just do it, don't wait  
I don't wanna wait  
Just do it  
Just do it, don't wait  
'Cause if you're on fire, you're on fire  
Just keep burning, 'til rain  
Baby, keep me ablaze  
Honey, if you're on fire, you're on fire  
Just keep burning, keep me alive  
Spare your blade  
Just do it  
Just do it, don't wait  
If hello just means goodbye then, honey, better walk away  
Just do it  
Just do it, don't wait  
If hello just means goodbye then, baby, better walk away  
Just do it  
Just do it, don't wait  
'Cause I don't wanna wait  
Just do it  
Just do it, don't wait  
If you're on fire (just do it), you're on fire  
You should just keep burning (just do it, don't wait)  
(Just do it)  
(Just do it, don't wait)
