

# Lana Del Rey, Wildflower Wildfire

Here's the deal  
Cause i know you wanna talk about it  
Here's the deal  
I promise you like a milion tomorrows  
Here's the deal  
What i can promise is i'll lie down  
Like a bed of wildflowers  
And i'll always mmake the sheets  
Smell like gardenians wild at your fet  
And i nourish you hazily
