

# Lanemeyer, Dont Hate Me

So this is the life I chose to live  
It's for myself and  
I don't need you to tell me what is right  
Cause I don't care  
This is all I want  
This is all i need  
Just Wait for now  
Leave it up to me  
Why not let me move on  
And see the world  
There's so much more out there than this  
I have to go  
Don't hol me back  
Don't take their side  
just wait it out  
Leave it all inside  
Cause I know nothings there for you  
Nothing I can do right now
