

# LANY, good guys

I wanna call you up  
tell you how I feel  
but I might scare you away if  
I get too real  
so I won't text back  
for a xcouple hours  
what I really wanna do is  
bring you flowers

I'm not gonna hold your hand  
ask if you wanna dance  
not gonna take you home even though

I just wanna give you everything  
show you I am a southern gentleman  
all I wanna do is let you in  
but good guys, good guys never win  
I just wanna be the oone you call  
anything you need, anything at all  
all I wanna do is let you in  
but good guy, good guys never win

I am not gonna hold your hand  
ask if you wanna dance  
not gonna take you home even though

I just wanna give you everything  
show you I am a southern gentleman  
all I wanna do is let you in  
but good guys, good guys never win  
I just wanna be the oone you call  
anything you need, anything at all  
all I wanna do is let you in  
but good guy, good guys never win

so I'll never play it cool  
till I know you want me too  
so I'll never play it cool  
till I know you want me too

I just wanna give you everything  
show you I am a southern gentleman  
all I wanna do is let you in  
but good guys, good guys never win  
I just wanna be the oone you call  
anything you need, anything at all  
all I wanna do is let you in  
but good guy, good guys never win

so I'll never play it cool  
till I know you want me too  
so I'll never play it cool  
till I know you want me too  
so I'll never play it cool  
till I know you want me too
