

# Lapis Lazuli, Hollow

Fear and pain, again it's what I'm feeling  
And it never ends, will it  
Destroy me now? Will I embrace the darkness once again?  
Will I last?

Once again, no-one will believe me  
When I say that this will be  
My last breath, I will never see daylight anymore  
Goodbye

I can't see why you should walk this road again

Oh, I am hollow inside  
(You can't break free)  
It seem to be neverending  
(You can never escape, you are bound to it)

Time has come, life is fading away  
As I close my eyes, drowning in  
Misery, depression has cast a shadow on my life  
Forever

My hope is gone, and all the things worth living for are  
Dead by now, gone into  
Oblivion, I face the horrors of my dreams  
Farewell

I can't see why you should walk this road again

Oh, Oh, I am hollow inside  
(You can't break free)  
It seem to be neverending  
(You can never escape, you are bound to it)

My heart has turned black, my life is revealed  
And I can't fool myself no more  
I can see my destiny and it doesn't look bright  
And now I'll meet my ending  
My soul is long gone, my mind paralyzed  
And I'm falling into darkness now  
I can see my future, and there is no light  
And now I'll face my fate  
My eyes has turned blank, my body is numb  
And I can't be afraid no more  
I can see my closure and it doesn't look bright  
And now I'll fade away
