

# Lara Fabian, Sally Dworsky

Love is so moving as it turns around you  
Your heart never figures out how love found you

Love's aftermath stage  
'one of the lonely'  
You're only a number  
left counting the days.

Turning circles, Turning circles  
Never knowing what keeps you apart

Turning circles, Turning circles  
Turning circles around your heart

She turns circles, Turning circles  
Loves after tonight into hearts

Turning circles, Turning circles  
She's turns circles around your heart
