

# Lara Fabian, Till I Get Over You

heeyyyyyyyyyyyyy-i-heeeeeeeeeeeeeeyyyyyyyyyy oh yeah

ohhhhhhhhh ou yeah yeah yeah

And the sunlight on your face  
It's a memory I'll never replace  
Never thought I'd have to try to let it go (go)  
Now if you're gettin' on all right  
I was hopin' that maybe you'd show me  
What to do, how to make it through  
Till I get over you  
I can give  
I can live a lie  
Till I get over you  
I can save one prayer for love  
Till I get over you  
I can live, I can live  
Till I get over you

And I could never give enough  
Couldn't save it with all my love  
Watched you walk out leaving me  
There wanting more (more)  
Now I can't get through the night  
And I'm drowning but I would be damned, babe  
If you knew (if you knew) I can make it through

Till I get over you  
I can give (oh)  
I can live a lie  
Till I get over you (till I get over you)  
I can save (I can save) one prayer for love  
Till I get over you  
I can live, I can live, oh  
Till I get over you

And the sunlight on your face  
Maybe someday I will erase  
But if I do  
Could I make it through  
Through this world without loving you, yeah, yeah  
Till I get over you  
I can give (I can give)  
I can live a lie (I can live a lie)  
Till I get over you (till I get over you)  
I can save (I can save) one prayer for love  
Till I get over you  
I can live, I can live (oh)

Till I get over you (till I get over you)  
I can give  
I can live a lie (till I get over you)  
Till I get over you (till I get over you)  
I can save one prayer for love (one prayer for love)  
Till I get over you  
I can give  
I can live a lie  
Till I get over you  
I can save one prayer for love
