

# Lari White, Go On

(Lari White/Tom Shapiro/Chris Waters)

You talk to me with one eye on the door  
You lie beside me with one foot on the floor  
You're always going  
You're never gone  
So long shouldn't take so long

Go on go on go on go on go  
Why don't you go on go on go on go on go

I know it's just a matter of time  
So if it's over baby let's just call it a night  
I can take it  
If you leave  
But this waitin' 'round is killing me

Go on go on go on go on go  
Why don't you go on go on go on go on go

I've just been spinning my wheels  
Trying not to drive you away  
Your heart is already gone  
So what's the use in making you stay

Go on go on go on go on go  
Why don't you go on go on go on go on go  
Go on go on go on go on go  
Why don't you go on go on go on go on go
