

# Lari White, If You Only Knew

(Lari White/Chuck Cannon)

If you only knew the way I love you  
Don't I wonder what you'd do  
Would you look at me and say you love me too  
If you only knew

If you only knew I'm dreaming of you  
Every night the whole night through  
Would you make my wildest dream of you come true  
If you only knew

I pretend I'm just a friend  
But now and then I wonder what you'd do  
Would you love me too  
If you only knew

I pretend I'm just a friend  
Oh but now and then I wonder what you'd do  
Would you love me too  
If you only knew

Wonder what you'd do  
Would you love me to  
If you only knew
