

Laura Marling, Master Hunter

I am a master hunter
I cured my skin, now nothing gets in
Nothing not as hard as it tries

You want a woman because you want to be saved
But I'll tell you that I got a little lot on my plate
Well if you want a woman who can call your name it ain't me babe
No, no, no, it ain't me babe

I don't stare at water anymore,
Water doesn't do what it did before,
It took me in into the edge of insane when I only meant to swim,
I nearly put a bullet in my brain when the water took me in

I am a master hunter

You let men into your bed
They don't know you well
They can't get into my head
They don't have a hope in hell

See the thing is that we're so alone
There's nothing we can share
You can get me on the telephone but you won't keep me there
No, no, no, you won't keep me there

Take me somewhere I can grow
I don't know give me something let me go
Tell me something I don't know
Cause, I have some news
