

# Laura Pausini, The Same Moon (Dueto Com Phil

When the daylight comes and I look across the room,  
I see you're gone.  
As the morning breaks and I reach to hold your hand  
I can see, see I'm the only one.  
Well, your clothes are gone and your bags are packed  
but the bed's still warm where you lay -  
now I need your love to come shinning through  
to carry me, come carry me away.

If you choose a time, I'll catch the moon -  
I'll see you there  
from wherever I am, wherever you are  
we'll find somewhere.  
I see the same stars in the same sky  
shining down on you,  
I'll be looking up from wherever I am  
and it's you I'll see if you're looking too.

There'll be says that seem much longer,  
some nights will seem so cold,  
but I see hope on the horizon  
and it's gonna come soon - please don't be too long,  
don't be too long.

If we choose a time we can catch the moon -  
I'll see you there,  
whenever it is, from wherever you are,  
oh we'll find, yes we'll find somewhere -  
are you looking at the same moon?
