

# Laura Welsh, Undiscovered

You're the only one that I've got  
But I can't get lost to you

Can't be someone that I am not  
To make it up to you

Who moves  
Maybe I've got more to lose  
Who moves

You're undiscovered  
I wanna see the rest of you  
You're undiscovered  
And I can't get next to you  
I can't get next next to you

You don't wanna look ahead  
When it's staring back at you  
Staring back at you

Who moves  
Maybe I've got more to lose  
Who moves  
But I can't decide for you

You're undiscovered  
I wanna see the rest of you  
You're undiscovered  
And I can't get next to you  
I can't get next next to you

It's evident that you never were fully present in our conversations  
holding in what you really meant left no evidence that you never listening

You're undiscovered  
I wanna see the rest of you  
You're undiscovered  
And I can't get next to you  
I can't get next next to you
