

# Lauren Jauregui, On Guard (ft. 6lack)

On Guard  
Feline with the instinct  
Cosmic intuition  
I know the truth before it's given,  
I can read it in your feelings  
Take some patience and persistence  
Time and a precision  
My trust is not easily given  
You gotta wait on my permission  
To open me up  
Take a look under my heart,  
Run your hands over my scars  
May be too much  
So I gotta see who you are  
Before you inspire art  
So calm down  
There's no need to rush now  
Won't let it go too far
