

Leaves' Eyes, Melusine

In November
Marble grey skies
Marble shadows fly
Pale beauty shimmer
The skin of elfin pride
Pale skin of elfin shines

Melusine ? embraces me
Six nights
Melusine ? is haunting me
Tonight
Melusine ? enchanting me
Spread your wings
For I will never see
The secret of the sea

Growing silence
She can hear him breathe
Truth hidden underneath
His heart pounding
Then a piercing scream
The surface of your tears

Melusine ? embraces me
Six nights
Melusine ? is haunting me
Tonight
Melusine ? enchanting me
Spread your wings
For I will never see
The secret of the sea

That night in a glimpse
Holy men in disguise
Melusine chased away
Melusine will die

Melusine ? embraces me
Six nights
Melusine ? haunting me
Tonight
Melusine ? enchanting me
Spread your wings
For I will never see
The secret of the sea
Melusine ? in sacred springs
Still waters run so deep
Melusine ? is haunting me
Six nights in linen sheath
