

Leeway, Be Loud

Chaos in the crowd
Racing in sound
Try to find the answers
That can never be found
Not living a lie
Not the one who is blind
Being happy and content
With my own mind

Loud
Got to be loud
You have to take control
Play it fast
Got to be loud

Fuck what is old
Take what is bold
Better being alive than being dead cold
Lying to parents just to get by
Oh fuck, I lost my lines
This is the future
Don't look at the past
Smoke - Get blown and have a blast
Being happy and content is what it's all about
Being fast - being loud

Wild in the city
Is everybody with me?
Everybody's trying just to keep above the water
Your life is a go, what do they know?
Better being alive than being dead cold
