

Leki, Crazy

(INTRO)

Yo, breakin' out of something you don't like
it ain't always easy ok
But nothing and i mean nothing
in this world is impossible
so you gotta do what you feel you gotta do ok
i mean your life is all about you
so relax hey
Just set yourself free
Be crazy, live it all but whatever
You think I'm crazy?
you think i'm crazy?
Well you know what (ha) damn right i am

(CHORUS)

I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright
Well I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright

Nooo don't depress
Though you feel like **** and your mind 's a mess
Listen to the music and make a swing
Cuz you know deep down that it ain't a thing
Yeah, I'ma make you play
Been takin' my life to seriously
So I'ma make it light
To the next level love I'll take a flight
Look at my face I'ma make it shine
Put your shades on now, let's cross the line
Listen to the track, let's make a blast
To the first note up way to the last

(BRIDGE)

Sometimes I try to talk to people
They don't get a word I say
I try to keep it plain and simple
They just think that I'm crazy

(CHORUS)

I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright
Well I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright

Sisters I'm making understand
Some people just think that I'm strange
I'm cool and under gide's rule
You can treat me like the queen or the court's fool
I don't care, anymore, I've been there
Can't I possibly just be me?
My world inside is a crazy one
I'm gonna let it all out when it's just begun
I ain't goin' home back none of that
I'm gonna be myself, nothin' wrong with that
Wooh, let me push you out
Look back on the times we left behind

(BRIDGE)

Sometimes I try to talk to people
They don't get a word I say
I try to keep it plain and simple
They just think that I'm crazy

(CHORUS)

I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright
Well I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright

(CHORUS)

I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright
Well I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright

Hey hey hey, hey hey hey
Wella, i seemed like underspella
Get hiding in my shella
My head was a cella hella
Maaan, loosen up
Drop the act, baby shake your but
Girl girl, time to break a glass
Grab a guy who makes you shake that ass
Smack it, flip it, turn it around
If you wanna get down, just get on down
Shake it, take it, to the ground
If you wanna get loud, then let it out

(BRIDGE)

Sometimes I try to talk to people
They don't get a word I say
I try to keep it plain and simple
They just think that I'm crazy

(CHORUS)

I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright
Well I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright

(CHORUS)

I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright
Well I'm crazy but it's ok, i don't mind
To get crazy but it's ok, it's alright
