

Lena Katina, Believe in Goodbyes

Do you really want me to say, (I'm sorry)
Do I really even know your name, (Don't worry)
Do you ever care, remember me? (Ignoring)
I can never be the one you need, (I'm not sorry)
Tell me whatchu think about us now, (I don't know)
Can you feel ya now, a beating heart? (I know why)
I can be the one you ever need, (Ignoring)
I can be the one you ever know, (I'm not sorry)
Tell me what you ever think of us,
Tell me what you think of ours now,
I can never be, come on,
And break free,

On and on,
We can be together,
On and on,
I will stay forever,
I can be the one,
You can be the one,
I can be with you,
You can be with me,
I do believe,
And I don't- believe in goodbyes (x2)

Do you really want me to say, (I'm sorry)
Do I really even know your name, (Don't worry)
Do you ever care, remember me? (Ignoring)
I can never be the one you need, (I'm not sorry)
Tell me whatchu think about us now, (I don't know)
Can you feel ya now, a beating heart? (I know why)
I can be the one you ever need (Ignoring)
I can be the one you ever know, (I'm not sorry)
Tell me what you ever think of us,
Tell me what you think of ours now,
I can never be, come on,
And break free,

On and on,
We can be together,
On and on,
I will stay for ever,
I can be the one,
You can be the one,
I can be with you,
You can be with me,
I believe,
And I don't believe in goodbyes

I can, I can be the one,
Give me ya touch now
I can be you,
And right now, you are just not now,
I can, I can be the one,
Give me ya touch now
I can be you,
And right now, you are just not now,

On and on,
We can be together,
On and on,
I will stay for ever,
I can be the one,
You can be the one,
I can be with you,

You can be with me,
I believe,
And I don't believe in goodbyes (x2)
(I'm sorry, Don't worry, Ignoring, I'm sorry, I know now)
