

Lena Katina, Fed Up

Bum bum bum bum
Ba dum dum bu
Bum bum bum bum
Ba dum dum bu

Monday kills, Tuesday,
Starts as always,
So my week has begun,
Some one stop me
Parachute's Failing
I'm fed up!

Tossing and Turning,
My life is on hold.
I wait but,
The line has gone cold,

Come on and,
Face me, Take me,
Now that it's your turn to play,
And you will...
You befriend me, bend me,
Over and over again. And again

Breaking news,
Can feel my head exploding,
Who will clean up the mess?
Start the car ,
Could just run you over,
I'm fed up!

Running in circles,
My Life is on Hold.
I wait but,
The line is still cold,

Come on and,
Face me, Take me,
Now that it's your turn to play,
And you will...
You befriend me, bend me,
Over and over again. And again

Please, Give me a break,
What can i do?
Yes, i think i should,
Terminate, You, You, You, You,

Why don't you,
Face me, Take me,
Now that it's your turn to play,
And you will...
You befriend me, bend me,
Over and over again. And again

Come on and face me and take me,
bada bdaum badada,
Over and over again,
