

Lenny Kravitz, The Pleasure and the Pain

Is been a while
Since you come around
I miss you so
You know, you bought me down
While I was ready to give you one more try

Play on

While you were gone
I try to make my heart
But I didn't know
Even where we start
I rather be with with you even if when we fight

I'll tak you all
Coz we al the same
The sun and the flower
The Pleasure and the Pain
I climb in this mountain
Because is your game
I can live without it
The Pleasure and the Pain
