

# LÉON, Wishful Thinking

Meet me halfway  
There is a place where we can go  
Down the highway  
The stars are out, they're just for us  
Like a scene from a movie  
I see us now  
Mmm

The night is ours  
We're moving at the speed of light  
To the magic hours  
Oh, I could still remember how  
We would dream of a future  
And paint it bright  
Mmm

You told me your darkest secrets  
You know that I still keep them

So here's to the end and new beginnings  
Running straight to the edge, no second-guessing  
And we'll grow old, I know, but they never fade  
The days when we were living our wishful thinking

It's always hiding there in the corner of my mind  
Do you still go there to get a taste of what it's like?  
Get the world off your shoulders, I know we are older  
But it's never over for me

So here's to the end and new beginnings  
Running straight to the edge, no second-guessing  
And we'll grow old, I know, but they never fade  
The days when we were living our wishful thinking

Ooh  
Ooh-ooh  
Ooh  
Ooh-ooh

I told you my darkest secrets  
I know that you still keep them  
Sometimes I find myself reaching  
So close, I can touch the feeling

So here's to the end and new beginnings  
Running straight to the edge, no second-guessing  
And we'll grow old, I know, but they never fade  
The days when we were living our wishful thinking

Ooh  
Ooh-ooh  
Ooh-ooh-ooh  
The days when we were living our wishful thinking
