

# Les Humphries Singers, Day After Day

Day after day I keep thinking of you  
Sitting in my lonely room  
Day after day after day  
Day after day what am I gonna do  
Hope you'll be returning soon  
Day after day after day  
Maybe I'm wrong but it's ever so long  
Now I'm lost for words to say  
Day after day after day after day after  
Day after day is there no other way  
Thinking of you  
thinking of you

Day after day when the telephone rings  
Baby I just hope it's you  
Day after day after day  
Day after day when the doorbell goes ding  
I don't know I wish I knew  
Day after day after day  
Say I'm a fool  
I should go back to school  
Everything would be ok.  
Day after day after day after day after  
Day after day I just want you to stay  
Day after day after day  
I still hope and I pray  
day after day is there no other way  
Thinking of you  
no one but you  
Thinking of you  
no one but you . . .
