

Lexi Jayde, drunk text me

Shouldn't you be sad right now
Said you never liked big crowds
Acting like you like them now
Without me
Cause you're with your friends all proud
At some shitty bar downtown
Do you taste me on her mouth
Or just whiskey

Hooking up instead of healing
Wanna know just what you're feeling now
What are you feeling now

I want you to drunk text me
Saying you still need me
Tell me I'm not like her
I made you happier
I want you to drunk text me
Just empty it all out please
Tell me you fucked this up
Tell me you're still in love
With me

Wondering if you regret
All the shit you never said
That you slept with her instead
Like we never mattered
Oh do you even care at all
After all the pain you caused
Do you know that I'd still pick the phone up if you called

I want you to drunk text me
Saying you still need me
Tell me I'm not like her
I made you happier
I want you to drunk text me
Just empty it all out please
Tell me you fucked this up
Tell me you're still in love

Tell me I'm not like her
I made you happier
Cause I'm no closer to closure
Wish you weren't sober
We're over, but I'm not over it
I wish you would drunk text me
Just empty it all out please
Tell me you fucked this up
Tell me you're still in love
With me

I hate that I still want you
I don't want to but I want you
Look what you've done to me
I hate that I still miss you
I don't want to but I love you

So why don't you drunk text me
Saying you still need me
Tell me I'm not like her
I made you happier
I want you to drunk text me
Just empty it all out please
Tell me you fucked this up

Tell me you're still in love
