Liam Payne, Slow

thought this is done, i will turn a blind eye don't tell me goodnight, cause it means goodbye know that we've broken no this was over months ago

got m pretending you ain't down at last it got me runnin', runnin' obvious you baby, way you got a rush

if you gonna let me down let me down tell me what I'd already already know I know that your minds of ready made up but give me one more night before we give u if you gonna let me down let me down just another minute I ain;t ready to go before we let the light in baby just hold me like you don't know that you're gonna let me down let me down slow

just leave in on set just one a second if you don't say it then it ain't true yet know that we've broken no this was over months ago

got m pretending you ain't down at last it got me runnin', runnin' obvious you baby, way you got a rush

if you gonna let me down let me down tell me what I'd already already know I know that your minds of ready made up but give me one more night before we give u if you gonna let me down let me down just another minute I ain;t ready to go before we let the light in baby just hold me like you don't know that you're gonna let me down let me down slow
