

Lights Of Euphoria, The Firm

So low
Way down
They can see it in your eyes
Your lies

Shining
Cold hands
You're gripped by fear
Right here

The boys of the firm
Takes control of your brain
Fusion of mind and machine
Slave to the pain

The boys of the firm
Takes control of your brain
[Michael Lowers]
Fusion of mind and machine
Slave to the pain
[Michael Lowers]

They'll captivate you
Keep you in a box
They'll hold you down
Nail you on a cross

They'll eliminate you
Torture your heart
They'll hold you down
And take away your God
