

# Lil Baby, Voice Of The Heroes

Missed out on my kids life for a year and I gotta accept it  
Certain days niggas never came to my shows and I felt neglected  
Growin' up, seein' my uncle dyin' in his bed, that shit made me reckless  
Pourin' up and I ain't never sharin' my meds, and I ain't bein' extra  
And I paid like two of my niggas bonds before I bought a necklace  
I done seen my brother stack his bricks up and it look like Tetris  
Havin' real shootout up on the e-way, you can't miss your exit  
Told the bitch she can't hide the smell of my cologne, she gotta go change her panties  
Take care of your family and them kids 'cause I'm too big on family  
Fuck them fast cars, before that shawty 'nem was gon' slide in Camrys  
I'ma get my lawyer an extra dub because it come in handy  
Felt like I'ma vomit off this Perc' 'cause I don't take no

Voice of the hero  
I'm the voice of the hero  
Voice of the hero  
Voice of the hero  
See, I'm the voice, Baby, he the hero  
Baby, he the hero  
I'm the voice, but Baby, he the hero  
But Baby, he the hero

I wasn't even tryna be no idol  
I put niggas on, and all of the sudden they feel entitled  
Put the barbers on 'em, you only get this kit when you got a title  
I'm exhausted, I been workin' shift-to-shift, but I keep fightin'  
Not my fault if I don't miss your likeness  
And I'm still with Ced still  
We the ones, for real, for real  
I just got two hundred for a walk through, I'll still drill  
High-speed chases in a Dodge Stratus, I can still peel 'em  
I be tryna put on a smile for 'em but I don't really feel 'em  
I just spent three-fifty on a Richard for the second time  
I showed all my niggas in the trenches it's a better life  
Never get too big for me to listen, I'll take your advice  
I just told Durk, "We rich forever if we play it right"  
Just keep on bein' the voice, I'll be the hero  
And everything I got is a profit, started with zero  
I can never turn my back on my apartment, that's where I come from  
And I'm just gettin' started, relax, wait 'til I warm up

I done been to jail too many times, it feel like karma  
Everywhere I sleep, I keep my stick, what I need an alarm for?  
Police caught me in the cut, I had to walk out with my arms up  
Ain't too big to pray last minute, I put my palms up  
Yeah, flood my system with these Perkies  
Took the bitch to eat out at Thirteen, she was squirtin'  
I just cashed out on my bitch, Celine to match her Birkin  
All this shit these bitches textin' me, just do it in person

Yeah, I might pop a half an Adderall, I don't like Perkies  
Put the phone on DND, I'm somewhere, ain't no service  
I just slimed a nigga out today but it was worth it  
I switch cars like bitches switch they purses  
I slow down on features, I do verses if they worth it now  
This shit done got deep and, let's be honest, we can't work it out  
Peeped that lately you been actin' funny, wonder what it's about  
This shit really in me, hope you never doubt it, on gang

Voice of the hero  
I'm the voice of the hero  
Voice of the hero  
Voice of the hero  
See, I'm the voice, Baby, he the hero

Baby, he the hero  
I'm the voice, but Baby, he the hero  
But Baby, he the hero
