

Lil' Bow Wow, Go

(Chorus 2x)

If you don't wanna dance
I can find me somebody else that do, do
If you don't wanna dance
What you here for girl you need to move, move
If you don't wanna dance
Than it best you turn this off right now
'cause I am the B-O-W-W-O-W
And it's about to
Go, go, go, go (down)
Go, go, go, go (down)
Go, go, go, go (down)
It's about to
Go, go, go, go (down)
Go, go, go, go (down)
Go, go, go, go (down)
I choose you, I choose you

(Verse 1)

Lil kids love me like Santa Clause
And I'm under 21 wit a Phantom ??
Mane dressed like big
I called the play
Run, pass, shorty I can hand it off
You know I run wit a crew that ain't ever lost
We young, we rich
And we love to floss
You gotta pay the cost
To hear me breathe
Bow Wow representin that DPG
26 inch chrome
With a lake front home
Heavy in the hood, like straighenin combs
I can have any girl in this world that I want
But I choose you, I choose you

(Chorus)

(Verse 2)

Bow Wow still holdin the top spot

Roll in the hot drops
Been in control since I came out the bow
And I sell like rocks in the 80's
Number one just like Tracy McGrady
This young thug
Can't non yall see me, fade me
keep cash money like Baby
I'm crazy
If I must say so
And I lust for the dough
Push em everytime I bust my flow
I'm a blessed young man
And the best young man that you very heard rock befo
I can have any girl that in this world that I want
But I choose you, I choose you
But ugh

(Chorus)

(JD)

Bow Wow lemme get some

I'm the wrong one for you to be tryin to race wit
Face it dog
Ain't no replacement
I made a few mill off
Somethin that I started in the basement
Yall shoulda never lemme taste it
Back when niggas was wearin Asics
I ain't just do it, I aced it
I'm rich but I'm still tryin to chase it
That's why everything I do I lace it
2 Bently's
A hundred grand for the bracelet
To you that's a alot but to me that's basic
And it's so many girls out there
But I choose you, I choose you
But ugh

(Chorus (fade out))
