

Lil Narcyz, Wixa Gabor - GEROŁEJ (KOWER)

on't have to fly across no seas tonight
your packing all them things you know I like
now we don't need no money to get it right
coz you know you're my vacation every time

you're me gateway, gateway
you're me gateway, you're me gateway
you're me gateway, gateway
you're me gateway

take me to that place, place
far away only we know
you know that I love to dance
to dance, all night mi amigo

you're know that you're my G-E-T-A-W-A-Y
you're know that you're my G-E-T-A-W-A-Y

G-E-T-A-W-A-Y
G-E-T-A-W-A-Y

take it off and dive right in
that tropical on ice all over it
when I back it upon you in this crowd
it's only me and you right now
no we don't need to visas here tonight
no we don't need to visas here tonight
