

Lil Peep, Hollywood Dreaming - feat. Gab3

Playing with the word, now I'm Hollywood geekin'
It's just another Hollywood weekend
I'm just another Hollywood demon
Dropping next season, I ain't got a reason
Now I'm Hollywood geekin'
It's just another Hollywood weekend
Baby, I'm a Hollywood demon
Girls keep screamin', living like I'm dreamin'

Is she tellin' me that she wanna leave me?
I guess she don't believe me
Ring, ring, I got the call from Leezy
Now I'm at the Mercer with the Yeezy, ayy
I pull up with the Gucci
I swear to God I'm livin' in a movie, ayy
I give a fuck about a goofy
You know what's up, girls actin' like the groupies
Swear they always geekin'
And why my girl always tweakin'?
Another Hollywood demon
On another Hollywood weekend

Playing with the word, now I'm Hollywood geekin'
It's just another Hollywood weekend
I'm just another Hollywood demon
Dropping next season, I ain't got a reason

It's just another Hollywood weekend
