

# Lil' Sammie, Stuff Like This

Yeah ooh yeah  
Last Valentine, I gave you candy  
And you smiled so big that day  
We walked the park I picked you flowers  
And we never chilled that way

You know what happened bout a week ago  
You said you loved me too and  
Now you tell me that you just don't know  
And what am I to do when it's..

Stuff like this that makes me feel this way  
Stuff like that, that makes it all go away  
I get the feeling that you don't want to say  
Stuff like that will make me runaway

Last Christmas I was there beside you  
When you didn't feel ok  
You told me I was the best friend that  
A friend could ever make

You know what happened bout a week ago  
You said you loved me too and  
Now you tell me that you just don't know  
And what am I to do when it's..

Stuff like this that makes me feel this way  
Stuff like that, that makes it all go away  
I get the feeling that you don't want to say  
Stuff like that will make me runaway

Stuff like this that makes me feel this way  
Stuff like that, that makes it all go away
