

# Lil Wayne, Kush

(chorus)

Yeah, and we smoke that kush  
Yeah, that kush  
Yeah, and we ball like swoosh  
Yeah, like swoosh

Yeah, and we smoke that kush  
Yeah, that kush  
Yeah, and we ball like swoosh  
Yeah, like swoosh

Yeah, now how ya like me now...

(verse 1)

Got the hoe goin' till 6  
Press a button, watch the mother fucker do tricks  
I don't know what you are on, but I'm on some new shit  
While you're bitch is on my dick, like a glue stick  
I got a grill, I don't have to get my tooth fixed  
The tooth fairy would retire if I loose it  
Straight out the clip, that's how I spit like an ooze  
You can't find me 'cause I'm lost in the music  
I'm runnin' this and I can jump the hurdles  
I feelin' like I'm racing a bunch of little turtles  
Keep a bandanna like the Ninja Turtles  
I'm like a turtle, when I sip the purple

(chorus)

And I smoke that kush  
Yeah, that kush  
Yeah, and I ball like swoosh  
Yeah, like swoosh

Yeah, and we smoke that kush  
Yeah, that kush  
Yeah, and we ball like swoosh  
Yeah, like swoosh

(chuckles) so how ya like me now...

(verse 2)

Buck 60 on the dash, I'mma do two  
Captain Crunch, these niggas is Fruit Loops  
That's why your girl wanna fuck me and my group too  
And I'mma make her back it up like "droop shoop"  
I'm the Birdman Jr., I gotta do coups  
I hop up out that mother fucker, holler "suwoop"  
Hollygrove 17, I'm from the zoo crew  
You would think every animal in the zoo loose  
(Fuck with me) I'm on that screw juice but I keep my shit together, not a screw loose  
Yeeaahh, word to my Gucc (Gucci) boots, I'm higher than a new suit

(chorus)

Till we smoke that kush  
Yeah, that kush  
Yeah, and we ball like swoosh  
Yeah, like swoosh

Yeah, and we smoke that kush  
Yeah, that kush  
Yeah, and we ball like swoosh  
Yeah, like swoosh

now how ya like me now...

(verse 3)

Buck forty on a ring that I don't really wear  
But I bet it light up the night like the city fair  
This shit ain't fair, I didn't have to go there  
But all this ice got me feelin' like a polar bear  
I'm so aware, I'm so prepared, I'm so fly I will take off into the open air  
Lift off, Cristal, please, crackers with cheese  
Nigga please, we on J-E-Ts like Curtis Martin and whitley green  
I'm... lightin', lightin', light the thing, light the thing, no Reggie man

(chorus)

You know I smoke that kush...  
And I ball like swoosh

You know I smoke that kush...  
And I ball like swoosh

now how ya like me now...
